ESTIMATED CLASS D FELONY CONVICTION EXPUNGEMENT ELIGIBILITY – CASES PER COUNTY

CONVICTIONS OF CLASS D FELONY OFFENSES ELIGIBLE PER EXPUNGEMENT PER KRS 431.073

March 6, 2024

By

Daniel Sturtevant (*Data Officer*)

Statistics Request Description

On March 6, 2024, Research & Statistics received a request from the Administrative Office of the Courts Director for a supplement to a previous report¹ estimating the number of convictions of Class D Felony offenses eligible for expungement under KRS 431.073². The supplemental request was to provide separate estimates for each county.

To facilitate parity with the previous report, the dataset compiled for the previous report was used without being re-queried. For the original query, CourtNet, which provides a summary of court cases statewide, was queried for charges of those Class D Felony offenses in the attached list convicted (Charge Disposition *Guilty*, *Guilty – Sealed Sentence*, or *Guilty – Multiple Counts*). For these charges, Case, Charge, Sentence, and Defendant information was queried. There were no date limits applied to the query.

An additional query was run to identify any convictions of Felony or Misdemeanor offenses against the defendants identified in the first query between the original conviction's sentence and date of anticipated eligibility, as well as any Circuit Criminal, District Felony, or District Misdemeanor cases pending as *Original Pending*, *Re-Opened*, *Active Diversion*, *Fugitive*, *Failure to Appear*, *Administrative Procedure*, or *Grand Jury* as of the date of the query (12/28/2023). Defendants were matched using Criminal History Key.

Completeness of Cases Filed Prior to 7/1/2002

The implementation of the Sustain application followed by the implementation of the first KYCourts application corresponded to a gradual transition of practice leading up to the point in 2002 when all

cases filed in the Kentucky Court of Justice were entered into the CourtNet database rather than being exclusively hand-counted for caseload reporting. While many Circuit Criminal cases filed before the end of this transition are included in the CourtNet database and are able to be counted in this report, data entry is not considered comprehensive until July 1, 2002. Cases filed prior to this date may not necessarily be included in CourtNet and such cases cannot be included in this report.

KRS 431.073 Expungement Eligibility

The results of the query above are used to determine expungement eligibility under KRS 431.073 as follows:

Eligible Offenses:

The attached list is limited to Class D Felony offenses excluding those indicated as ineligible for expungement under KRS 431.073(1)(d). The query is limited to offenses with UOR codes appearing on this list.

Eligibility Date:

The date of anticipated incarceration sentence completion is calculated using CourtNet sentence data.

Entries of sentence converted to a number of days, with entries of years multiplied by 365.24 and entries of months multiplied by 30.44.

The total number of days in a sentence is then calculated as the sum of the number of days sentenced *Jail or Prison, Home Incarceration, Supervised Probation, and Unsupervised Probation* less the sum of the number of days of suspended *Jail or Prison, suspended Home Incarceration, and Credit Time Served*. If the sum of the number of days of suspended *Jail or Prison, suspended Home Incarceration, and Credit Time Served* is greater than the sum of total number of days sentenced to *Jail or Prison and Home Incarceration*, then this combined sum is considered to be zero days (rather than a negative number) before any days of *Supervised Probation or Unsupervised Probation* are added.

The date of projected sentence completion is calculated by adding this number of days to the Sentence Date.

The date of projected expungement eligibility is then calculated by adding 1,826 days (i.e., five years) to the date of projected sentence completion.

The results of the subsequent query are incorporated so as to classify those defendants who had one or more Felony or Misdemeanor level convictions between their most recent Class D Felony conviction's Sentence Date and date of projected expungement eligibility and those who have at least one pending criminal case as of the date of the query separately from those that are potentially

currently eligible and those who may be eligible once a future projected eligibility date is reached.

Known Limitations:

- Court records data as entered in CourtNet reflects only information about the sentence as originally set in court. The custodian of record of actual sentence completion is the Department of Corrections, and the true date of sentence completion is not reportable by KCOJ/AOC.
- Some elements of some offenses ineligible for expungement are not part of the offense as defined by the Uniform Offense Reporting (UOR) Code. Elements outside of defined UOR codes cannot be utilized in AOC reporting. These limitations include:
 - Offenses committed against children,
 - Offenses resulting in bodily injury or death.
- Data entry reflecting State Supervised Probation sentences in counties that use the KYCourts application are not replicated to the reporting server used by Research & Statistics and cannot be incorporated into the projected sentence/probation completion date or projected eligibility dates used in this report.
- Subsequent convictions and pending cases cannot be identified with the methodology employed in this report if the defendant in the case including the original Class D Felony conviction does not have an associated criminal history key as of the date of the query.
- In addition to having one or more convictions of Class D Felony offenses eligible for expungement, some defendants may also have convictions of more serious felonies or Class D Felony offenses ineligible for expungement. It should therefore not be assumed that all defendants presumed eligible for at least one expungement of a Class D Felony conviction would therefore have a clear record or become eligible to vote in Kentucky elections.

Statistical Report 23_RS8047

The statistical report consists of a single cross-tabulation running for a total of ten pages. This cross-tabulation presents the number of defendants, cases, and Class D Felony convictions (charges) grouped by *Person Eligibility* as defined below and by county. Statewide totals are included at the top of the table on the first page. This table includes the same content as does the first table in the 12/28/2023 statewide report additionally grouped by county.

Statistical Analysis Considerations:

- These statistics represent a snapshot in time as of the date the data was queried (12/28/2023).
- The field *Person Eligibility* in this report classifies defendants by the first ineligibility or eligibility criterion identified in the order described in the definition below. It is possible for a defendant to have more than one ineligibility criterion at a time, but only the first-identified is provided in this report.

CONVICTIONS OF CLASS D FELONY OFFENSES ELIGIBLE PER EXPUNGEMENT PER KRS 431.073

Statistical Report 23_RS8047

- While cases are unique to each county, defendant eligibility is not. Any individual with convictions in more than one county is counted separately in each county but only once in the grand total.
- *Person Eligibility* is assessed in reference to each defendant’s most recent Class D Felony conviction. A defendant may have more than one such conviction.
- 15,891 of the reported convictions (1.8%) are in District Court cases, whereas felony convictions should exclusively be in Circuit Court cases.

RESEARCH AND STATISTICS UOR CODE DISCLAIMER

The Kentucky State Police (KSP) assigns the Kentucky Uniform Crime Reporting Codes (UOR Codes) to criminal offenses in the Commonwealth of Kentucky. The KSP official list of UOR Codes by KRS number and descriptor can be obtained at the KSP's website at www.kentuckystatepolice.org.

The AOC assigns and maintains codes that are used within the Court of Justice Case Management System for statistical and reporting purposes. These codes are used to identify local and city ordinances, as well as codes for general administrative purposes. The AOC official list of UOR Codes with KRS number and descriptor can be obtained at the Court of Justice Website at courts.ky.gov/aoc/statisticalreports. The AOC UOR Code Listing is for informational purposes only and the information is subject to change, reprogramming, modifications of format, and availability at the direction of the Administrative Office of the Courts (AOC).

A query for data based on specified charges will include each UOR code specified and possible supplemental codes. Supplemental codes (or "ASCF" codes) to any UOR code include: 1) attempt, 2) solicitation, 3) conspiracy, 4) facilitation, 5) complicity, and 6) enhancement. In total, UOR codes contain seven digits. The first six digits are specific to that charge. The seventh digit indicates if there is a supplemental code. A "0" as the seventh digit means that is the primary UOR code and it does not have a supplemental code. If there are supplemental codes, the "0" will change to a 1, 2, 3, 4, 5, or 6 (the numbering corresponds to the list above). An enhancement does not exist on all UOR codes. When a supplemental code does not appear within a dataset, charge(s) did not occur during this period. The presence of "*obs" within the description of a UOR code indicates an obsolete UOR code. However, the code is still present within the KYCourts/CourtNet database and may still be utilized. Not every UOR code included in the query will have charges associated with it in each calendar year examined. Some cases may contain multiple charges; therefore, charge counts may exceed case

Statistical Analysis Considerations

* This report represents a rough approximation of what expungement eligibility might look like. The specificity of the numbers reported should not be interpreted as precision.

* While cases are unique to each county, defendant eligibility is not. Any individual with convictions in more than one county is counted separately in each county but only once in the grand total.

* Data provided from the CourtNet database.

* Report excludes 7,055 D Felony convictions that have gone through the record destruction process and 3,568 further convictions with missing or incomplete sentence information.

Statistical Analysis Considerations

* This report represents a rough approximation of what expungement eligibility might look like. The specificity of the numbers reported should not be interpreted as precision.

* While cases are unique to each county, defendant eligibility is not. Any individual with convictions in more than one county is counted separately in each county but only once in the grand total.

* Data provided from the CourtNet database.

* Report excludes 7,055 D Felony convictions that have gone through the record destruction process and 3,568 further convictions with missing or incomplete sentence information.

Statistical Analysis Considerations

* This report represents a rough approximation of what expungement eligibility might look like. The specificity of the numbers reported should not be interpreted as precision.

* While cases are unique to each county, defendant eligibility is not. Any individual with convictions in more than one county is counted separately in each county but only once in the grand total.

* Data provided from the CourtNet database.

* Report excludes 7,055 D Felony convictions that have gone through the record destruction process and 3,568 further convictions with missing or incomplete sentence information.
