PRETRIAL INTERVIEWS WITH CUSTODY ENDING CY 2023 WITH FELONY OR MISDEMEANOR MOST SERIOUS CHARGE

January 4, 2024

by

Chelsea Rowe (*Assistant Data Officer*)

Daniel Sturtevant (*Data Officer*)

Statistics Request Overall Description

On September 11, 2023, Research & Statistics received a request for a report of cases for each charging county with pretrial custody ending during Calendar Year (CY) 2023 including indications of risk level, the type of the most recent bond set for each case, and the release outcome associated with each case.

PRIM, the information system used by Pretrial Services, was queried for cases with custody end date from 1/1/2023 to 12/31/2023.

Statistical Report (24_PINS9001)

The report is 457 pages and consists of two cross-tabulations rendered over multiple pages. The first table includes cases in which the most serious charge was a misdemeanor, for each charging county. The second table – starting on report page 168 - includes cases in which the most serious charge was a felony for each charging county.

Row variables include Combined Risk Level, Release Decision, Last Bond Type, and Release Outcome. Subtotals and grand totals are provided for each row variable. Columns provide three separate counts: the number of PRIM cases, the number of distinct pretrial interviews, and the number of distinct defendants.

Statistical Analysis Considerations:

- The statistics presented in the attached tables are a snapshot in time as of the date the data was queried: 1/5/2024.
- A single defendant may be involved in multiple pretrial interviews during a given period of time.
- A single interview may include cases from multiple counties. The total number of distinct interviews statewide is less than the sum total of the number of distinct interviews indicated within each Charge County.
- Each interview may involve one or more cases.

Data Variables Requested		
Database	Data Variable	Description
	Custody End Date	<p>For each pretrial interview, the most recent date of the end of pretrial custody for any case related to the interview. For each case, the end of pretrial custody date is the earlier of either</p> <ul style="list-style-type: none"> • The release date of the most recent bond set for the case, if release is indicated for this bond. • The date pretrial custody ended for the case for some other reason (case disposition, indictment, transfer, error, etc.)
	Case Max Level	<p>The penalty level of the most serious charge in each case. This report is limited to cases in which the most serious charge is a felony and cases in which the most serious charge is a misdemeanor.</p>
	Charge County	<p>The county in which a case was filed.</p>
	Combined Risk Level	<p>Pretrial Risk is calculated and presented to judges separately for Failure to Appear (FTA) and Arrest on New Offense (AoNO). This report uses a combination of FTA and AoNO risk levels.</p> <ul style="list-style-type: none"> • Low / Low: The interview's FTA risk level and AoNO risk level are both Low. • Any Moderate: Either or both of the FTA and AoNO risk levels are Moderate, but neither is High. • High FTA: The FTA risk level is High and the NCA Risk is not. • High NCA: The NCA risk level is High.
	Release Decision / Last Bond Type	<p>Release Decisions for each case are identified from the type of the most recent bond set for each case in the groups described below.</p> <p>Administrative Release: Defendants assessed as low or moderate risk; not charged with offenses identified as public safety concerns, contempt, probation violation, bail jumping, the violation of a protection order, and who have not previously violated a condition of pretrial release or failed to appear in court may be released on their own recognizance without a bond hearing. The use of this option was discretionary per judge as of 11/1/2015 and became mandatory statewide on 1/1/2017.</p> <p>Non-Financial Bond: Types of release that do not include conditional forfeiture.</p> <ul style="list-style-type: none"> • Release on Recognizance • Surety

Data Variables Requested		
Database	Data Variable	Description
		<ul style="list-style-type: none"> • Unsecured • No Probable Cause • 60-Day Rule <p>Financial Bond: Types of release including a bond with conditional forfeiture of assets.</p> <ul style="list-style-type: none"> • 10% • Cash • Guaranteed Arrest Bond Certificate • Property • Partially Secured or Percent Bond • Stock and Bonds <p>No Judicial Presentation: No bond hearing occurred for this case. This typically happens in District Court cases disposed very quickly, or Circuit Court cases for which a previous bond with release conditions already exists for one or more District Court cases.</p> <p>Release Not Offered: Indicates that the defendant had a bond hearing and was not offered any pretrial release.</p>
	Release Outcome	<p>An indication of the manner in which pretrial custody ended for a case. In situations in which a case is part of an interview with multiple cases, bond release is not indicated for the case until bond or other release is indicated for all cases in the interview.</p> <ul style="list-style-type: none"> • Administrative Release: Released with Administrative Release as described above. • Non-Financial Release: Released via Non-Financial Bond as described above. • Financial Release: Released via Financial Bond as described above. • 60-Day Rule: Released after 60 days of pretrial custody on a District Court case. Cases released in this manner are reported according to the release decision category of the <u>prior</u> bond on which the defendant was held in pretrial custody, though release by the 60-Day Rule is considered non-financial release. • Indictment Summons: Indicates that a defendant already released on a District Felony case was not brought back into custody following an indictment,

Database	Data Variable	Description
		<p>but that the same release conditions were maintained by the Circuit Court and the defendant was issued a summons.</p> <ul style="list-style-type: none"> • Indictment: Indicates that pretrial custody on one or more District cases ended with an indictment to Circuit Court while the defendant was in pretrial custody. • Detained Until Disposition: Without being given pretrial release, the defendant was released upon the disposition of all cases in this interview from a given jurisdiction. • Transfer: Indicates that pretrial custody for all cases of a given jurisdiction related to this interview had pretrial custody end when the defendant was transferred to another secure facility or to a substance use treatment facility. • Escape/Error: Indicates that a defendant was released in error or escaped.
	Cases	A count of cases as indicated in PRIM. The same court case may be applicable to one or more pretrial interviews. These are counted separately in this report.
	Interviews	The number of distinct pretrial interviews. The pretrial interview is the central data unit used in PRIM, capturing any data related to a discrete period of pretrial custody for a single defendant, which may apply to one or more cases. A single defendant may have multiple pretrial interviews during any given period of time.
	Defendants	A count of distinct individuals related to at least one of the reported interviews. Instances in which the same defendant is involved in more than one pretrial interview are identified when a Pretrial Officer connects the identification of the defendant in a pretrial interview to the identification entered for a previous interview involving the same defendant.
