### Statistics Request Description

On October 30, 2024, Research & Statistics received a request for a report detailing the specific current Driving Under the Influence (DUI) and Intimate Partner Violence (IPV) charges and prior convictions relevant to the assessments of eligibility for the Behavioral Health Conditional Dismissal Program (BHCDP) conducted by Pretrial Services.

Data from PRIM, the information system used by Pretrial Services, was queried for pretrial interviews created during calendar years (CY) 2023 and 2024 that included a BHCDP Assessment. Information about charges in cases filed in BHCDP pilot counties related to these interviews was queried from the CourtNet database, which contains a summary of cases statewide. Convictions of charges ineligible for BHCDP prior to each pretrial interview against the same defendant were identified from cases in CourtNet with criminal history keys matching the defendants from the queried interviews.

### Statistical Report (23\_PINS8009)

The report consists of six pages. The first three pages pertain to DUI offenses and the last three pages pertain to IPV offenses.

#### DUI OFFENSES

The first page includes two bar charts and two cross-tabulations. The bar chart and table at the top of the page focus on BHCDP Eligibility Question 4 (Current DUI Charges) while the bar chart and table at the bottom of the page focus on Question 9 (Prior DUI Convictions). The charts and tables present eligibility information focused on each question with proportions grouped by Combined Risk Level.

The second page presents the same information about Question 4 along with additional information about the current DUI charges relevant to each pretrial interview, while the third page presents the same information about Question 9 along with additional information about each interview's defendant's prior DUI convictions.

**Statistical Report (23\_PINS8009)**

A list of relevant DUI offenses is attached below. Since DUI Offenses are categorized in a hierarchy (4<sup>th</sup>+ Offense > 3<sup>rd</sup> Offense > 2<sup>nd</sup> Offense > 1<sup>st</sup> Offense), each interview always has only a single DUI Offense Category for its current charges or prior convictions.

**IPV OFFENSES**

The fourth page of the report has the same structure as the first page but focuses on BHCDP Eligibility Questions 5 (Current IPV Charges) and 10 (Prior IPV Convictions). The fifth page provides the same information about Question 5 along with additional information about current IPV Charges, while the sixth page presents the same information about question 10 along with additional information about each interview's defendant's prior convictions of IPV offenses.

A list of queried IPV offenses is attached below. An interview may include offenses from one or more of the applicable categories at a time, meaning that the reported IPV Offense Categories are independent. The same interview may be counted for multiple categories as applicable but is only counted once for each subtotal or grand total. All counts represent counts of interviews and counts of distinct cases or charges are not provided in this report.

Statistical Analysis Considerations:

- The statistics presented in the attached tables are a snapshot in time as of the date the data was queried/provided (1/23/2025).
- Prior convictions may only be identified among those included in the CourtNet database, which is limited to convictions in Kentucky State Courts. Convictions from other courts affect eligibility and are not identified in this report.
- IPV offenses are identified as those that are overtly or frequently related to intimate partner violence. However, charges other than those identified in this report may be IPV-related, and some of the offenses reported may not always be IPV-related.
- A single defendant may have one or more Pretrial Interviews in any given period of time and a single Pretrial Interview may relate to one or more cases.
- Current charges in this report reflect the most recent information available from CourtNet for cases filed in BHCDP pilot counties. Charges contained in the PRIM record reflect the charges at the time of the defendant's arrest and may not coincide with any charges amended in the CourtNet record post application of the BHCDP Assessment tool.
- While some UOR Codes specify Domestic Violence in their offense description, no UOR Codes specify dating violence apart from those indicated as such in the *Protection Order Violation* Category (see list attached below).
- Offenses such as stalking and strangulation, are applicable to the domestic violence and abuse definition of KRS 403.720 and the dating violence and abuse definition of KRS 456.010, but do not have separate UOR codes or descriptors for interpersonal violence (IPV) like their domestic violence (DV) counterparts. For example, there are different UOR codes for stalking and strangulation related to domestic violence, but not specifically for IPV. For this reason, these offenses are not captured among the IPV offense categories in this report.

Data Variables Requested		
Database	Data Variable	Description
PRIM	Interview Date Created	The date a pretrial interview is first entered into PRIM. This typically corresponds to the date of the interview between the defendant and a pretrial officer or the date where the pretrial data is entered for the defendant's cases if no interview occurred (defendant declines interview, case is disposed prior to interview, etc.).
	Combined Risk Level	<p>Pretrial Risk is calculated and presented to judges separately for Failure to Appear (FTA) and New Criminal Activity (NCA, also known as Arrest on New Offense). This report uses a combination of FTA and NCA risk levels.</p> <ul style="list-style-type: none"> <li>• Low / Low: The interview's FTA risk level and AoNO risk level are both Low.</li> <li>• Any Moderate: Either or both of the FTA and NCA risk levels are Moderate, but neither is High. NCA</li> <li>• High FTA: The FTA risk level is High and the NCA Risk is not.</li> <li>• High NCA: The NCA risk level is High.</li> </ul>
	BHCDP Eligibility	<p>Categorizes Interviews based on Pretrial Services' assessment of the defendant's eligibility for the Behavioral Health Conditional Dismissal Program. In addition to defendants identified as eligible or ineligible, defendants may be flagged as unknown if the answer to at least one of the evaluation criteria is not known. This is most frequently whether the defendant is a Kentucky resident. Due to the focus in this report on Questions 4, 5, 9, and 10, Unknown responses to these questions are ignored in the logic below as only 8 interviews cannot be accounted for within the categories below.</p> <p>Eligibility is described separately for each reported question (4, 5, 9, and 10) as follows:</p> <ul style="list-style-type: none"> <li>• <b>No Ineligible Responses:</b> The defendant is eligible per the responses to all of the questions. (Note that if the defendant did not have combined Low/Low risk, the defendant was not eligible).</li> <li>• <b>Yes Question # Only:</b> The only question for which the defendant had any ineligible response was the indicated question.</li> <li>• <b>Yes Questions # and # Only:</b> The defendant is ineligible per yes responses to <i>both</i> of the indicated question numbers and no others.</li> <li>• <b>Yes Question # and Others:</b> The defendant is ineligible because of a yes response to the indicated</li> </ul>

		<p>question and at least one other question apart from the related question indicated above.</p> <ul style="list-style-type: none"> <li>• <b>Yes Others, Not #:</b> The defendant is ineligible for at least one response to a question other than the indicated question but did not have a yes answer to the indicated question.</li> </ul>
	Prior Conviction	<p>On pages 3 and 6, this category differentiates interviews with or without prior convictions of offenses ineligible for BHCDP.</p> <ul style="list-style-type: none"> <li>• <b>Prior Ineligible Conviction:</b> The defendant has at least one conviction of an offense ineligible for BHCDP. Further details are included in the DUI Convictions and IPV Offense categories below.</li> <li>• <b>No Ineligible Conviction:</b> The defendant has no prior KCOJ convictions of any offenses ineligible for BHCDP. The defendant may have other convictions.</li> </ul>
	DUI Current Charges / DUI Convictions	<p>Current Charges and Prior Convictions are categorized using the categories as shown on the list attached below with each interview described using this hierarchy:</p> <ul style="list-style-type: none"> <li>• <b>DUI 4<sup>th</sup>+ Offense:</b> At least one charge / conviction is of a UOR Code indicating 4<sup>th</sup> offense or greater.</li> <li>• <b>DUI 3<sup>rd</sup> Offense:</b> At least one charge / conviction is of a UOR Code indicating 3<sup>rd</sup> offense and none are of UOR codes indicating 4<sup>th</sup>+ offense.</li> <li>• <b>DUI 2<sup>nd</sup> Offense:</b> At least one charge / conviction is of a UOR Code indicating 2<sup>nd</sup> offense and none are of 3<sup>rd</sup> offense or 4<sup>th</sup>+ offense.</li> <li>• <b>DUI 1<sup>st</sup> Offense:</b> At least one charge / conviction is of a UOR Code indicating 1<sup>st</sup> offense and none are of 2<sup>nd</sup>, 3<sup>rd</sup>, or 4<sup>th</sup>+ offense.</li> <li>• <b>No DUI Charges:</b> None of the current charges in the interview are among those DUI offenses listed below.</li> <li>• <b>Other Convictions Only:</b> The interview includes convictions of offenses ineligible for BHCDP, but none of the defendant's prior convictions are among those DUI offenses listed below.</li> </ul>
	IPV Offense Category / Has IPV Charge	<p>Current charges and prior convictions of offenses ineligible for BHCDP are classified using the offense categories as indicated on the list attached below. A single interview may have charges from more than one of these categories at the same time. Such interviews would be counted separately for each applicable IPV Offense Category but only once for each subtotal or grand total. On page 6, the category <i>Non-DV Offense</i> provides counts of interviews that have a conviction</p>

<b>Database</b>	<b>Data Variable</b>	<b>Description</b>
		of at least one charge ineligible for BHCDP with a UOR code other than those listed below as IPV Offenses.
	Interviews	The number of distinct pretrial interviews. The pretrial interview is the central data unit used in PRIM, capturing any data related to a discrete period of pretrial custody for a single defendant, which may apply to one or more cases. A single defendant may have multiple pretrial interviews during any given period of time.  This report does not include any other aggregations. Counts of distinct cases or charges are not included in this report.

with KRS number and descriptor can be obtained at the Court of Justice Website at [courts.ky.gov/aoc/statisticalreports](https://courts.ky.gov/aoc/statisticalreports). The AOC UOR Code Listing is for informational purposes only and the information is subject to change, reprogramming, modifications of format, and availability at the direction of the Administrative Office of the Courts (AOC).

A query for data based on specified charges will include each UOR code specified and possible supplemental codes. Supplemental codes (or "ASCF" codes) to any UOR code include: 1) attempt, 2) solicitation, 3) conspiracy, 4) facilitation, 5) complicity, and 6) enhancement. In total, UOR codes contain seven digits. The first six digits are specific to that charge. The seventh digit indicates if there is a supplemental code. A "0" as the seventh digit means that is the primary UOR code and it does not have a supplemental code. If there are supplemental codes, the "0" will change to a 1, 2, 3, 4, 5, or 6 (the numbering corresponds to the list above). An enhancement does not exist on all UOR codes. When a supplemental code does not appear within a dataset, charge(s) did not occur during this period. The presence of "\*obs" within the description of a UOR code indicates an obsolete UOR code. However, the code is still present within the KYCourts/CourtNet database and may still be utilized. Not every UOR code included in the query will have charges associated with it in each calendar year examined. Some cases may contain multiple charges; therefore, charge counts may exceed case counts. The number of cases cannot be inferred as the number of individuals as multiple cases may have the same defendant.

The AOC disclaims and makes no warranty, express or implied, nor assumes any legal liability or responsibility, for the validity, accuracy, correctness, or completeness of any information that is available and/or obtained through this listing. The recipient is solely responsible for verifying the accuracy of the information received from the official owner of the UOR Codes, the KSP. Furthermore, the AOC shall not be liable to the recipient, the recipient's heirs and assigns, next of kin or to any third party, for any and all claims, demands, losses or damages arising from the usage of this list and/or information contained therein.
