participants in the meeting.

Bracketed Text<> = button or link Single Quotes = Description

Step	Objective	Action	
1	Sharing your screen	1.	Click <share screen=""> on the meeting controls toolbar. Share Screen Note: Only the host or co-host have rights to share their screen. If you are a participant, ask the host or cohost for permission when you need to share your screen.</share>
		2.	Select one of the screen share options: a. Screen: Shares your entire desktop

b. **Windows**: Shares an individual application that is opened on your

Note: Anything displayed on your screen will be displayed to the

Helpful Hints: You can click <Pause Share> to take a break or prepare other materials, then click <Resume Share> when ready to share again.

Click < New Share > if you want to share a new piece of content, then select the content from the sharing options.

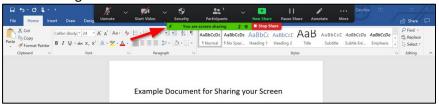

- 3. Optional features:
 - a. **Share Computer Sound: Check** this option if you will be sharing a video clip with sound. This will project the sound to all devices in the meeting.
 - b. **Optimize for full screen video clip: Check** this only if you will be sharing a video clip in full screen mode, otherwise the video may be blurry.

	Share sound	~	Optimize for video clip

4. Click <Share>.

5. When you begin sharing your screen, the meeting controls toolbar will move to the top of your screen. **Click** the arrow next to *You are screen sharing* to dock meeting controls to bottom.

Note: You can share your screen in a breakout room, but it will only be visible to those participants in the breakout room who are using the Zoom application.

6. **Click** <Stop Share>, on the meeting controls toolbar when you are finished sharing your screen.
